# WHO WE ARE

**ISOSURE  
GLOBAL**

Sustainability through  
Consistency and Accuracy

**ISOSURE Global** is an independent ISO certification body committed to helping organisations achieve credible, practical and sustainable certification.

We combine global best practice with local expertise and a strong ecosystem of approved business partners to deliver long-term value.

## INDEPENDENT & IMPARTIAL

Unbiased certification  
you can trust.

## GLOBAL BEST PRACTICE

Aligned with international  
standards and leading  
audit practices.

## RISK BASED & EFFECTIVE

Focus on what matters  
most to your organisation  
and stakeholders.

## CONTINUAL IMPROVEMENT

Driving sustainable  
performance and  
long-term value.

# ISOSURE GLOBAL

Sustainability through  
Consistency and Accuracy

**ISOSURE Global** helps organisations achieve credible and practical ISO certification through independent certification audits and ongoing conformance support.

We specialise in ISO management systems including ISO 9001, ISO/IEC 27001, ISO 14001, ISO 45001, and ISO/IEC 42001, helping businesses improve governance, reduce risk, and strengthen client confidence.

What makes us different is our ecosystem approach. Through approved business partners, we also provide ISO maintenance support, training, audit software solutions, B-BBEE support, specialised audits, and forensic investigation services linked to audit outcomes.

Whether you are starting your certification journey or maintaining system conformance, we help make certification practical, sustainable, and business-focused.

## YOUR REQUIREMENTS MATTER

To ensure we provide the most suitable certification, assurance, or management system solution, ISOSURE Global uses a structured enquiry and onboarding questionnaire.

This allows us to better understand:

Your organisation and industry

Current certifications or compliance requirements

Scope, locations, and operational activities

Risks, expectations, and business objectives

Desired standards and timelines

Resource and implementation requirements

The information provided enables our team to prepare a **tailored proposal** aligned to your operational and conformance needs.

## SCAN TO ENQUIRE

Complete the enquiry questionnaire to begin the proposal and consultation process.
